

Teachers!...

do you have bright pupils who shine in

art & crafts?

Art Masterclasses for More Able & Talented Pupils

Criw Celf offers a specialist training programme for children who are more able and talented in the visual arts. Our programme of special art master classes, with professional artists, offers its members opportunities to...

- Access to high-quality & in-depth additional art education
 - Foster and develop skills and understanding of visual art & craft
 - Learn about careers in the art sector
 - Collaborate with artists to develop their potential & ability
 - Exhibit their work in a professional art gallery
- 

Nominate your pupils...

As a teacher you can nominate up to **10 pupils** from **Year 5 to 9** to join this exciting training programme.

Send an example of their art work to us for consideration by the **13th December 2019** Please read the following page to see what is needed...

CLOSING DATE!
13th December!

How to apply.....

Please **email** us the following for each child you are nominating—

- Artwork made with any media and in any format (2D, 3D or 4D) under the title 'My Favourite Personal Artwork'
 - A short paragraph explaining why they would like to join Criw Celf (no more than 50 words)
- 

Please ensure that all submissions include name, year, school, home address and home telephone number and confirm they have been identified as MAT.

Please note that it is the child's natural ability we need to see when assessing the work. It is important that the child does not receive any help by an adult or artist to create their submission.

An artist panel will select the successful children and we will invite them to join our master-class programme which will start in February 2020, a good start to the new year!

**Children and their parents can self-nominate but a teacher will need to sign a slip to confirm that the child has been identified as a MAT art pupil.*

Contact

We are no longer able to take original art work and all submissions must be emailed to—

art@conwy.gov.uk

Bursary available to support children who have free school meals, contact us for the details

Membership fee for successful children £38

Paragraff Byr / Short Paragraph...

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a standard sheet of stationery. The edges of the paper are slightly irregular, suggesting it might be a scan of a physical document. There is no handwriting or other markings on the paper.
